

## **SCARY! THAT'S GOD GETTING READY TO DO SOMETHING BIG!**

**2020** “Trials are intended to make us think, to wean us from the world, to send us to the Bible, to drive us to our knees.” JC Ryle

Looking back at this past year it seemed as though we were in a long episode of the “Twilight Zone”. And since we were being real here... There were many days we felt totally defeated. Not so much for us but for the faces of the children we knew were going hungry every night. The government lockdown prevented us from leaving our street with the threat of being arrested. Eventually our love for them outweighed our fear. Sometimes this meant throwing food out the window and driving away. As the lockdown began to loosen, the embassy contacted us giving us 2 weeks to leave.

**IN THE STATES.** We took advantage of our time back and spent lots of time with family along with some friends that have become like family. We traveled over 7000 miles to see some of you. From Texas to Colorado, Kansas, Illinois, Indiana, Missouri and back to Corpus Christi Texas. We will always treasure our time with all of you. Our family is used to serving others in need. It is always outside of our comfort to have others give and serve us so sacrificial as you all did. But we received it humbly knowing we would need to be filled up to pour back out later to those that need it most.

**2021** We are not going to allow a virus or anything else to prevent us from following the plans God has created us for! “He has not given us a spirit of fear but of power and Love and of sound mind” **2<sup>nd</sup> Timothy 1:7.**

We have been back here in Mombasa Kenya for almost 3 weeks now. In the past years we have described our ministry as having ADHD. We are all over doing Whatever the spirit leads us to do that week or that day. It has been very fruitful, and we thank God for the ministries he has entrusted us with. But God is doing something new! We will continue to do the ministries we have always done and for those of you just joining us for the first time this includes baby care packages, feeding programs, parenting and marriage classes, discipleship, school sponsorships, sharing the gospel through books, medical help, empowering addicts, starting up of small

businesses and God allows the list to go on and on. All these ministries have one purpose... to share Jesus.

**The vision** We are praying about starting a community center. A place where we can continue doing all the ministries God has entrusted us with but being able to do it all in one place. A haven overflowing with education and the Love of Jesus. Our hope is to give opportunities to overcome adversity through education and most important the Love of Christ. For example, moms can come to the center and earn baby care packages by going through parenting classes. Children can earn books through tutoring; young girls can earn a care package specific to girls after going through conferences teaching them about their identity in Christ. We have a God sized vision that when we think about it, it can be scary. But we have come to know that scary feeling is God getting ready to do something big.

**EPHESIANS 3:20-21** Now to him who is able to do exceedingly abundantly above what we ask or think, according to the power that works in us, to him be the glory in the church by Christ Jesus to all generations, forever and ever. Amen.

Thank you for being part of our journey. All extra donations we receive will be set aside for the community center.

**Mungu Aku bariki,**

**God Bless You!**
